

Wayne County East Bay Improvement Association October 2025 Newsletter

MEETINGS

Association meetings are held the second Saturday of each month - April through October - at 10:00 AM. All members are welcome!

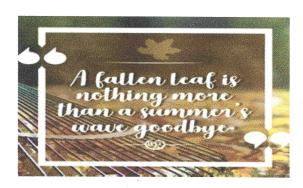

Oct. 11th - WCEBIA Meeting - 10:00 AM at Dailey's Blue "Garage" on California St. Pot luck lunch after the meeting. Bring a dish to pass.

WATER QUALITY - President Dave Dailey

- Weeds have done well. The wind did blow dead weeds into the North end of the Bay and the harvester crew said they did not have a permit to go in there. Joe vanCura was able to rig a device that helped round-up some of the floating debris. -Dave will begin the permit process for weed treatment in October with the hopes it has gone through by June.
- Dave mentioned that the Bay was tested in 2016 and deemed to be eutrophic – containing a lot of phosphorus and nitrogen.
- Zebra Mussles and Cormorants black ducklike birds are becoming a problem on East Bay. Cormorants are especially invasive, and they destroy trees that results in weakened barrier bars. Zebra Mussels normally attach to rocks and hard surfaces but appear to have adapted in east bay and van be found attached to weeds.

Safe Harbor – Ray Seigfred – Vice President

- Ray noted that the jetty wall continues to do its job despite the bulges that have appeared in it.
- The channel is narrowing but remains open and navigable.
- Ray reminded us that we are no longer required to close the channel in the Fall.

Social Activities - Donna Buscemi

- Thanks were extended to Jim and Tammy for the fireworks on August 30th and to Tim Durant for assisting.
- Our last Association meeting of the year will be held at 10 AM on October 11th at Dailey's Garage on California St. It will be followed by a Pot Luck lunch. Everyone is encouraged to bring a favorite dish to share with their neighbors.
- Thanks to Dave and Peter Daily and a friend who kayaked 6 miles up the creek on 8/22 to harvest water chestnuts. They had previously gone up on 7/25 and now feel the water chestnuts have been pretty much eradicated. They estimate they pulled about 800 pounds of the weed in their two trips!

We need to continue to be vigilant in keeping an eye out for these invasive plants.

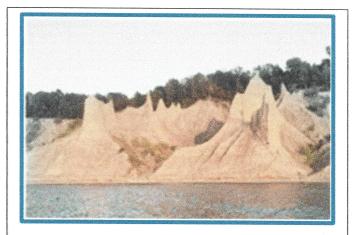

Dave did mention that they were able to observe a good amount of mud washing into the creek from the farms along the way.
