WCEBIA 2026 Meeting Dates

****The October 2026 meeting will be held
-October 10th Dailey's barn (corner
of Hampton and California at 10:00 AM
followed by **Pot Luck Luncheon**.
Bring a dish to share.
The 2027 WCEBIA budget
will be discussed and voted
on at this meeting.**

Water Quality – Pres Dave Dailey

- * At the September Association meeting, a motion was made and passed by the membership to authorize Dave to apply for a permit to treat the weeds in 2027

Safe Harbor Vice President Ray Seigfred

*The Town is sending out easements to those property owners who need to sign them for the water project which has begun. If you have questions you can call the Town of Huron offices.

**Town of Huron Town Hall
10880 Lummisville Road
Wolcott, NY**

**Open Mon. – Thurs. 8 to 5
Town Clerk: Tammy Vezzose
(315) 594-8-74 (ext. 2)
tvezzose@huronny.gov**

- Channel is closed as of 9/19.
- As reported, a study buoy launched just outside the channel on 9/11 as part of a sediment study. Ray was notified by Sean (study manager) that the buoy was taken / stolen on Saturday, 9/19!! Interestingly, Ray fished that morning and physically saw the buoy still bouncing around. So sometime later that day it was taken. Sean informed that the buoy has GPS and it was being actively tracked downstate, to around Eldridge, NY and was in a car's trunk. Sean was working with Law Enforcement to get it back. Got an

update from Sean on Monday, 9/21 that the buoy had been found in a ditch. Apparently, whoever had it didn't know what to do with it, so they dumped it. Good thing as it was worth \$7,000. Not sure if it will be deployed again this year as the channel is closed.

- Huron Bays meeting / zoom call on 9/24. Ray was unable to attend, but sent a request for further discussions on the weed harvesting for East Bay. He also requested an F2F meeting with Soil & Water, Town and Bay reps. Meeting topics:
 - Review 2026 results, issues, etc.
 - Improve communication, timing and results.
 - Meet with DEC to modify the harvesting permit to expand where and what we can harvest.

Apparel Lou Buscemi/Sharon Brewster

Cormorant Study- Cormorants are

federally and internationally protected. A study is underway through Sea Grant attempting to find out where they are, what they are up to, and what effect they may have on the coastal areas where they are found. Sea Grant is a Federal-University partnership program that brings science together with communities for solutions. The National Sea Grant College program works to create and maintain a healthy

coastal environment and economy. The Sea Grant network consists of federal-university partnerships between the National Oceanic and Atmospheric Administration (NOAA) and 34 university-based programs in every coastal and Great Lakes ,Puerto Rico, and Guam. The network draws on the expertise of more than 3,000 scientists, engineers, public outreach experts, educators and students to help citizens better understand, conserve and utilize America's coastal resources. Use this site to find out more and to report any sightings of cormorants. Recently, a couple have been spotted on East Bay!

Picture and comments posted on Facebook on May 27, 2026 by Phil Leone of Sodus Bay.

“ Sodus Bay has a HUGE infestation of nesting cormorants on the south side of Newark Island. This bird destroyed the barrier beach between Blind Sodus Bay and Lake Ontario and now it has come to Sodus Bay to roost. This is a problem that cannot be taken lightly. The impact of this bird will be far reaching if something isn't done immediately.”
